Supplement to Hypertension

The Kidney, Obesity, and Essential Hypertension Symposium
Jackson, Miss., March 15–16, 1991

Introduction to the Kidney, Obesity, and Essential Hypertension Symposium
John E. Hall

The Kidney and Blood Pressure Regulation

Kidneys and Fluids in Pressure Regulation: Small Volume but Large Pressure Changes
Arthur C. Guyton

Pressure Natriuresis: Role of Renal Interstitial Hydrostatic Pressure
Joey P. Granger

Hypertensinogenic Mechanisms Mediated by Renal Actions of Renin-Angiotensin System
Kenneth D. Mitchell, Branko Braam, and L. Gabriel Navar

Sympathetic Neural Control of the Kidney in Hypertension
Gerald F. DiBona

The Immune System and Hypertension
David J. Dzielak

Obesity, Insulin, and Essential Hypertension

Obesity-Associated Hypertension: Hyperinsulinemia and Renal Mechanisms
John E. Hall, Michael W. Brands, Drew A. Hildebrandt, and H. Leland Mizelle

Cardiovascular Regulation in Obesity-Induced Hypertension
Albert P. Rocchini

Hyperinsulinemia: Possible Role in Obesity-Induced Hypertension
Lewis Landsberg

Obesity, the Sympathetic Nervous System, and Essential Hypertension
Michael L. Tuck

Effects of Insulin on Renal Sodium Excretion
Akshey K. Gupta, Roderick V. Clark, and Kent A. Kirchner

Hypertension During Chronic Hyperinsulinemia in Rats Is Not Salt-Sensitive
Michael W. Brands, Drew A. Hildebrandt, H. Leland Mizelle, and John E. Hall

Obese Zucker Rats Are Normotensive on Normal and Increased Sodium Intake
Corinn M. Pawloski, Nancy L. Kanagy, Luke H. Mortensen, and Gregory D. Fink

Blunted Natriuretic Response to an Acute Sodium Load in Obese Hypertensive Dogs
David B. West, Kurt E. Wehberg, Karen Kieswetter, and Joey P. Granger

HYPERTENSION (ISSN 0194-911X) is published monthly by the American Heart Association, 7272 Greenville Avenue, Dallas, TX 75231-4596. For rates in Japan, contact Nankodo Co., Ltd., 42-6 Hongo 3-chome, Bunkyo-ku, Tokyo 113, Japan. In the United States, individuals may subscribe for their personal use at the following annual rates: $85 for members of an American Heart Association scientific council and $106 for nonmembers. Outside the United States, add $38 for postage. Contact AHA for single copy rates and subscription rates for medical professionals in training and for libraries, reading rooms, and other multiple-use institutions. Second class postage paid at Dallas, Texas, and additional mailing offices. POSTMASTER: Send address changes to HYPERTENSION, American Heart Association, 7272 Greenville Avenue, Dallas, TX 75231-4596.
Hyperamylinemia, Hyperinsulinemia, and Insulin Resistance in Genetically Obese LA/N-cp Rats
Huei-Jen Su Huang, Andrew A. Young, Joy E. Koda, Orien L. Tulp, M. Jacqueline Johnson, and Garth J.S. Cooper ........................................... I-101

The Zucker Rat Model of Obesity, Insulin Resistance, Hyperlipidemia, and Renal Injury
Bertram L. Kasiske, Michael P. O'Donnell, and William F. Keane ........................................... I-110

Current Concepts of Treatment of the Essential Hypertensive Patient

Effects of Antihypertensive Therapy on Insulin Resistance
Norman M. Kaplan ........................................... I-116

Obesity Hypertension: Converting Enzyme Inhibitors and Calcium Antagonists
Edward D. Frohlich ........................................... I-119

Antihypertensive Therapy and Cardiovascular Risk: Are All Antihypertensives Equal?
Thomas D. Giles ........................................... I-124

Abstracts of Poster Presentations From the Kidney, Obesity, and Essential Hypertension Symposium ........................................... I-130
19 (1 Suppl)

Hypertension. 1992;19:156
